DETAILED ACTION

1. This Office Action is in response to the initial filing on October 17, 2003. Claims 1-8 are currently pending and have been considered below.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-8 are rejected under 35 U.S.C. 102(b) as being anticipated by Helbig (US 2002/0116257).

Claims 1 and 4: Helbig discloses a method for redeeming loyalty points, comprising:

- a. accessing a specified (identified) item and providing the amount of loyalty points needed to be redeemed for the item (page 6, paragraph 0061; page 7, paragraph 0073; and page 9, paragraphs 0093-0094);
- b. repeatedly collecting one or more specified items into a shopping cart (Figure 11; page 5, paragraph 0047; page 7, paragraph 0073; and page 9, paragraphs 0093-0094);

c. verifying the total amount of loyalty points needed for the specified items in the shopping cart (Page 5, paragraph 0047; page 7, paragraph 0073; and page 9, paragraphs 0093-0094); and

d. processing the transaction (i.e. proceeding to the checkout and transferring the value of the loyalty points to the item(s) provider)(page 5, paragraph 0047; page 6, paragraph 0061; page 7, paragraph 0073; and page 9, paragraphs 0093-0094).

Claims 2 and 7: Helbig discloses a method as in Claims 1 and 4 above, and further discloses the transactions are independent and dependent transactions (page 7, paragraph 0073 and page 9, paragraphs 0093-0094).

Claims 3 and 8: Helbig discloses a method as in Claims 1 and 4 above, and further discloses the items are tangible and non-tangible items (page 7, paragraph 0073 and page 9, paragraphs 0093-0094).

Claim 5: Helbig discloses a method as in Claim 4 above, and further discloses converting the loyalty points into a different currency value and providing the value to the item(s) provider (page 11, paragraph 0127).

Claim 6: Helbig discloses a method as in Claim 4 above, and further discloses providing the amount of accumulated loyalty points to the user (page 7, paragraph 0073 and page 9, paragraphs 0093-0094).
